

Parental Notification Preference

Kaleidoscope Kids Preschool aims to communicate with families using the best method(s) possible. Weekly emails will be sent out by the School Director and Classroom Teachers providing general information about the school and classroom.

When there is a specific need to speak with a parent regarding their child, our first choice of communication is in person. However, it is not always possible to speak in person or there is an immediate need to reach out to a parent. In an emergency, if you are not reachable using your preferred method of communication, your emergency contact list will be contacted next.

Please indicate below your communication preferences below.

Phone calls (including voicemail):

Yes, this method is accepted No, this method is not accepted

E-mail notification:

Yes, this method is accepted No, this method is not accepted

Text message:

Yes, this method is accepted No, this method is not accepted

If you have a preferred method of communication, please indicate it here: _____
